

writehydro

```
graph LR; writehydro[writehydro] --> therm_lib_lib_uint2tl[therm_lib::uint2tl];
```

A diagram showing a call from the `writehydro` function to the `therm_lib::uint2tl` function. The `writehydro` box is shaded gray, and the `therm_lib::uint2tl` box is white. A blue arrow points from the right side of the `writehydro` box to the left side of the `therm_lib::uint2tl` box.

therm_lib::uint2tl
